

HIGHER.

Rubber Prices Are Up Again.

Recent Decline Not Yet Covered.

The Bad Odor of Rubber Compositions.

Rubber prices have recovered somewhat this week from the recent decline and Para is now quoted at 85 and 87. The decline is unexplained but the price dropped in a few days from 90 cents to 85 cents. Since the stiffening up of quotations the advance has been slow but steady.

No especially alarming crop reports have been received.

Many men, when they secure work in a rubber factory, have to go through a course of training like that of the small boy when he begins to use tobacco, and are troubled with nausea and sickness many days before they become so impregnated with the rubber smell and the rubber flavor that they are no longer troubled. Some men, however, never become accustomed to the smell and are forced to give up their work.

The smell of the various rubber compounds, while being made, is as much worse than that of the finished product as night is darker than day. When the stuff is warm and being worked the smell is peculiarly offensive and strangers to Akron, who visit here for the first time, often remark upon the odor that clings to the clothing of thousands of Akron people.

Norris Silver, North Stratford, N. H., "I purchased a bottle of One Minute Cough Cure when suffering with a cough doctors told me was incurable. One bottle relieved me, the second and third almost cured me. Today I am a well man."

William Warner, Gem Pharmacy, 113 S. Howard st.

TICKETS

Are Selling Rapidly.

Much Interest Attracted to Buchtel's Lecture Course.

As the opening of the college year at Buchtel approaches, the interest in this year's lecture course increases. Canvassers are busy distributing tickets, and it is confidently hoped that the citizens will co-operate with the faculty that no deficit will be recorded after the course is completed.

Certainly a more substantial and instructive course would be difficult to arrange. The lectures are all of the highest type, and each one has a special message of much worth to bring to Akron.

There is some misunderstanding abroad concerning the college lectures. They are in no way a competitor to the various amusement courses offered in the city. They are meant to supplement these, not displace them, thus only lectures are included in the series, and these are all of the highest educational order. The lecture is a product of American genius, and the American desire to popularize learning, to bring the truths of the study and laboratory to the multitude and the college, in offering this course of lectures, hopes to aid to better thought and better knowledge, all who care to be so aided.

A never failing cure for cuts, burns, scalds, ulcers, wounds and sores is DeWitt's Witch Hazel Salve. A most soothing and healing remedy for all skin affections. Accept only the genuine.

William Warner, Gem Pharmacy, 113 S. Howard st.

NEW MINES

Are Being Opened Near Doylestown.

Large Force of Men Will Soon be Employed.

Fifty acres of new coal lands just east of Doylestown are being opened up by Mr. John J. Wagoner and as soon as the mining arrangements are completed employment will be given to a large number of men.

Mr. Wagoner secured control of this new territory in July and has found in it a fine deposit of first rate coal.

Not long ago Mr. Wagoner was approached regarding a sale of his local coal interests, but he does not believe the story which is told that a Cleveland syndicate is trying to secure possession of all the coal mines hereabout.

ANARCHISM

Condemned by the Regiment of Col. Hoye.

The regiment of which Col. M. W. Hoye, of Akron, is a member, adopted the following resolutions Thursday:

Be it resolved by the soldiers of the 19th O. V. I., in their 30th annual reunion assembled at Cleveland, Sept. 12, 1901, that while we at all times stand for freedom of speech and of the press, still we declare that under the guise of the exercise of those rights neither orator nor agitator, journalist nor journal, shall be permitted to inculcate treason nor incite to murder, and that we earnestly recommend Congress and the Legislatures of the several States to enact such legislation as will protect the chosen representatives of the people, from the highest to the lowest, from the assassin.

Mr. Liram Dull of Canton was elected president of the Regiment Reunion Association; Mr. Thomas A. Boyerle, of Warren, secretary. The next reunion will be held at Canton, Sept. 19, 1902.

REPAIRS.

Railroads Haven't Time to Make Them.

All the Lines Will Do Much Work Later.

General Superintendent J. C. Stuart, of the B. & O. railway, was in the city Friday morning, coming here in his private car. Mr. Stuart did not remain long, but left for the west soon after his arrival. In company with D. W. Spencer, superintendent of the Akron division, the officials will make an inspection of the road between here and western points, to see exactly the condition of the road. The plan of doubletracking and rebuilding the Akron division is thought to have something to do with the trip.

Extensive repairs are contemplated by all the roads as soon as the unusual rush of summer traffic is over sufficiently to allow the time.

Section men have been kept busy with the maintenance of way, railway shop hands have done the best they could with the rolling stock during the rush, but the real repairs cannot be attempted now, when the lines are rushed with business and no time can be spared from the running of the trains.

The biggest job of repair work, however is the one under consideration by the B. & O., and will consist of the retracking of the Akron division.

Don't wait until you become chronically constipated but take DeWitt's Little Early Risers now and then. They will keep your liver and bowels in good order. Easy to take. Safe pills.

DAMAGE SUITS.

Victims of Tunnel Disaster File Petitions.

Cleveland, Sept. 13.—(Spl.)—The first damage cases resulting from the water works tunnel disasters were filed in the Common Pleas court yesterday. Attorney Samuel Heinlich, as administrator, brought the suits in behalf of the estate of Michael Snyder and John Martin, two Cleveland men, who were victims of the burning of water works crib No. 2. Attorney Heinlich brought two suits, each asking for damages in the sum of \$100,000, and W. J. Gawne, Shaller & Schnitzler and the city of Cleveland are made parties defendant.

The petitions are similar in the claims made by the plaintiffs. There is a long recital of the facts as known in the crib disaster and the claim is made that the defendants were negligent in that they had a defective smokestack on the crib and that they provided no means of escape from danger for the workmen employed there. Snyder, according to the petition, left a widow and four children, while Martin left a widow and six children. Both men were members of the day shift and were asleep on

The Fall Suits and Overcoats....

the morning of Aug. 14, when the disaster occurred.

Don't delay a minute. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

FAST TIME.

The Claims Made For the Fast Freight Runs on the Erie.

Erie railroad men take special pride in talking of the fast freight run the line has between New York and western points.

Next to shipping stuff by express, the road officials state that this freight run is the quickest way possible to get perishable freight to Western points. The train is a through one and goes from New York to Chicago in 55 hours, from New York to St. Louis in 60 hours and arrives here from New York 36 hours after the start is made. Mr. C. W. Clarke is a particularly firm advocate of the Erie fast freight.

The greatest lot sale ever held in this county at Kenmore Park, terms 10c per day. Come Sunday, and see the allotment. Take Barberton cars.
